

SATYAJA SHIVTHARE

Airoli, Navi Mumbai-400708 | satyashivthare13@gmail.com | +91 9867745631

Hardworking and enthusiastic B.Tech student in Electronics and Computer Science with strong programming skills and a passion for continuous learning. Demonstrated leadership abilities and excellent communication skills, combining technical expertise with collaborative capabilities to deliver results.

SKILLS

Python	AWS	JAVA	Bootstrap	C/C++	DBMS(Database management)
HTML/CSS	Machine learning	Javascript	React.js	Basic PHP	Canva/Photoshop

EDUCATION

- Electronics and Computer Science | Pillai College of Engineering **CGPA: 9.1**
- H.S.C. | Arya Gurukul **Percentage : 85%**
- S.S.C. | St .Xavier's High School **Percentage : 97.20%**

EXPERIENCE

Web Development Intern | Immortals Solar

Jun 2024-July 2024

- Developed S.U.R.Y.A., a React-based website that integrated Power BI dashboards to visualize solar cell performance metrics and analytics
- Implemented features to showcase the company's vision and motto, enhancing brand communication and user engagement
- Utilized React.js to build a responsive and user-friendly interface, improving the accessibility of complex solar energy data
- Collaborated with data analysts to integrate Power BI dashboards seamlessly into the web application architecture

ACADEMIC PROJECTS

Museum Website Project

- Developed an interactive museum website with a voice-enabled, multilingual chatbot that processed ticket bookings and cancellations
- Implemented voice recognition capabilities and language options to enhance accessibility and provide an intuitive user experience
- Designed and integrated a comprehensive ticket management system that handled the complete booking lifecycle from inquiry to confirmation

Responsive YouTube Clone

- Developed a responsive YouTube replica using HTML, CSS, and JavaScript that accurately mirrored the core functionality of the original platform
- Implemented interactive features allowing users to play, pause, search, and engage with video content in a familiar interface
- Designed a mobile-first responsive layout that provided consistent user experience across devices of various sizes

POSITION OF RESPONSIBILITY

Technical Team Member & Advisory Head | CSI-PCE(Computer Society of India)

Served as both Technical Team Member and Advisory Head at CSI-PCE, where I organized technical workshops, seminars, and hackathons while providing strategic guidance to enhance student skill development and industry exposure.

Social Media Manager & Board Director | Rotaract Club of Bombay Uptown

Served as Social Media Manager and Board of Director at Rotaract Club of Bombay Uptown, strategically managing digital presence across platforms while collaborating on leadership decisions to drive community service initiatives and club growth

- **Marketing Team Member | Alegria: Festival of Joy**

- Served as key marketing team member for Alegria, Pillai College of Engineering's flagship annual festival attracting 5,000+ attendees from 30+ colleges
- Collaborated effectively with 15-person marketing team to execute strategic promotional campaigns across social media platforms, contributing to 40% increased participation
- Personally managed sponsor relationships worth ₹2L+ while delegating specialized tasks to team members based on their strengths
- Demonstrated decisive leadership during event execution by coordinating real-time adjustments across promotional activities, helping secure Alegria's reputation as a premier inter-collegiate festival

- **Graphic Designer at Guftagoo Literary Society**

Created engaging visual content as Graphic Designer for Guftagoo Literary Society, designing promotional materials, event posters, and social media graphics that effectively communicated the society's literary initiatives and increased event participation

ACHIEVEMENTS

- Awarded 3rd place for presenting research paper "**Comparative Analysis of Solar Cell Technologies with Crystalline Structures**" at NSAFE 2024 conference
- Presented findings at prestigious national seminar organized by Society for Ecological Sustainability (SES) in collaboration with 360 Research Foundation, SIDVI Foundation, and MEADOW Agriculture Private Limited
- Secured 3rd place in the **Debate Competition** at **Mumbai University Youth Fest 2025.**
